

END OF TERM 2 NEWSLETTER

What's
new
here?

Dear WFL families!

Here we are, half-way through the year! Mid-year can be a busy time in schools, and often marks a time of exams, parent-teacher interviews, and reports.

At We, Future Leaders, we understand the value of working in partnership with families and teachers. If you wish to discuss your child's learning, share feedback from your child's teacher/s or provide us with a copy of your child's school report, we absolutely welcome these, which can help inform our tutoring.

These July holidays, we are offering casual 1:1 tutoring sessions at our Kirrawee centre. For K-6 students, these can be booked directly [here](#). For high school students, please contact us to arrange these. We can't wait to see you there!

We are also offering NEW Dyscalculia and Dyslexia screeners which can be booked [here](#)!

I would also like to take a moment to celebrate two brilliant tutors on our team, who were recently awarded Employee of the Month. Congratulations Ella and Thomas! If you have ever met Ella or Thomas, you would know them to be truly treasured by their students and colleagues. We love acknowledging effort, care, and dedication amongst our tutors.

On behalf of WFL, may your children enjoy the school holidays ahead. Have fun, recharge and we will see you for an amazing Term 3 (**starting Monday 22 July**)!

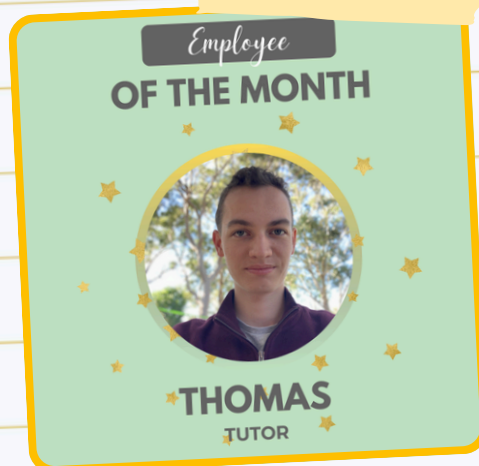

Warm regards,

Sophie

Head of Education (We, Future Leaders)

Ella, our Employee of the Month (May)

Thomas, our Employee of the Month (June)

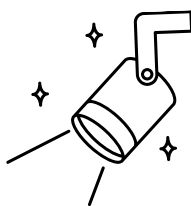

A few weeks ago, our Director and CEO Darian, was invited by Rotary Caringbah to share her plans to run Resilience Programs across rural schools. A sincere thank you to Rotary Caringbah for wanting to learn more about the program and being supportive!

Tutor Spotlight

Meet Estelle!

Tell us a bit about the work you do:

Hi, my name is Estelle and I have worked at We, Future Leaders as a tutor for several years. I am at university, studying data science engineering and business. I adore animals, so I also volunteer weekly at the local animal shelter.

What's the most rewarding thing about being a tutor?

I believe that the most rewarding aspect of being a tutor is helping students complete work that previously they viewed as too difficult or insurmountable. I also love when students are excited and proud to show me their amazing school results!

Share a fun fact about yourself:

I have always loved reading and I hardly ever leave the house without a book on my person!

Save the date

- End of Term 2 at WFL: Saturday 6/7/24
- We are running Primary School 1:1 July Holiday Sessions. You can book casual sessions directly [here](#)!
- **TERM 3 starts at WFL: Monday 22/7/24!**

Recognising the fundraising efforts of one of our students, Chloe, who you may remember from our last newsletter! Chloe has raised **\$216,000** for the Ovarian Cancer Research Fund in support of her friend Tirion. An update can be read and donations made [here](#).

“Happiness doesn't result from what we get, but from what we give.”

- B. Carson

SERVICES

Multi-session discounts offered for families

SAVE 5% when booking 2 classes per week.

SAVE 10% when booking 3+ classes per week.

SMALL GROUP TUITION

Access exceptional tuition in a 4:1 ratio at an affordable cost! Students experience the benefits of 1:1, while boosting classroom confidence and collaborative learning skills.

1:1 TUITION

For students who require specialised learning intervention or temporary academic support, 1:1 tutoring is designed to address individual learning goals.

ACADEMIC ASSESSMENTS

With a range of academic assessments available for students prep-12, uncover your child's current learning ability across a range of subject areas.

1:1 MENTORING

Designed to provide clarity, strategy and accountability, mentoring is perfect for those looking to improve performance, confidence, relationships, mood, or to reach a personal goal.

HOLIDAY WORKSHOPS

Holiday workshops are the perfect opportunity to trial our services, catch-up or get ahead in school work, meet new friends, and keep the mind active during the break!

SPECIALTY COURSES

Throughout the academic year, we offer a variety of specialty courses to best suit the needs of students in our community.

SCHOOL READINESS

Enhances developmental skills in children, in the year before they start formal schooling.
