Looking at the image above, you will see a welcoming space! This area, complete with beanbags, pillows, sensory equipment, social and emotional books and games, is our dedicated wellbeing room!

It is a treasured space at We, Future Leaders, because we are more than a "tutoring only" centre - we are passionate about tailoring our teaching to meet the individual needs of children, whether they be academic, social or emotional.

Wellbeing is at the core of what we do and this can look different for each child. Perhaps it is:

- a boost in confidence
- developing a growth mindset
- achieving a goal you have been working towards
- improving understanding of school work
- developing more effective study habits
- building resilience as a learner
- feeling seen, heard, supported and encouraged
- having your learning enriched or extended
- feeling better prepared to tackle an assessment

Each and every one of our students can access these brilliant resources when needed.

We often utilise these resources after liaising with family, school teachers, and specialists of our students.

If you think your child would benefit, or have any questions about the wealth of resources we have available, please get in touch via email or phone!

Our Highlights

7NEWS Young Achievers Awards 2025

A BIG congratulations to our CEO Darian, for winning the 7NEWS Young Achievers Awards this year, in the category 'Connecting Communities'.

We know that Darian advocates tirelessly for education equity through innovation, education and leadership, and are so proud of her well-deserved win!

Tutor Spotlight

Meet
Kristin!

Tell us about the work you do:

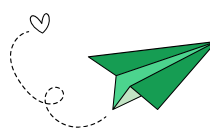

I'm currently studying at university and I tutor primary and high school sessions at We, Future Leaders. I believe in creating a supportive and engaging environment where students feel comfortable asking questions and taking ownership of their learning. I tailor each lesson to suit each child's needs and goals, and I'm passionate about helping them gain the confidence and skills they need to succeed — both in school and beyond.

What's the most rewarding thing about being a tutor?

The most rewarding part of tutoring for me is seeing my students grow in confidence and become more independent learners. I really enjoy building strong relationships with my students — watching them improve, achieve their goals, and even start to enjoy a subject they once found challenging is really fulfilling. Being able to support them on that journey is what makes this role so special.

Share a fun fact about yourself:

I love exploring new places and trying different things! Whether it's walking somewhere scenic or finding hidden food spots, I'm always up for something fun! More recently, I have tried picking up a new instrument and have started learning the guitar.

Our Term 3 (10 weeks) is highlighted

We understand that some schools follow different calendars.

As we proudly tutor over 150 students each week, this means that our students attend different school systems (public, independent, Catholic etc.).

Due to this wide variation, at We, Future Leaders, we follow a strict **10 week term, four times a year**, outlined in our proposals that families sign.

Please see the calendar above for our term 3 enrolment period, which has these 10 weeks highlighted.

For pausing or changing services, we require 2 weeks' notice, also outlined in our proposals.
